At Bracknell Glass Ltd we have over 30 years' in the design and manufacture of quality garden room extensions, orangery's and conservatories.

We pride ourselves in knowing however large or small your project is, we can deliver with utmost care and professionalism.

We offer you the choice of a bespoke design or a module from our standard range

We are able to offer our products in a variety of materials including, timber, aluminium, upvc, and steel.

Our speciality is the use of timber; we most commonly use Oak, Sapele and Douglas Fir. All of which are selected from the highest quality and come from a sustainable source.

We offer a design service to ensure you get a product that is entirely how you imagined it and compliments your home. We also offer an architectural service for those who require planning permission.

Restorations & Renovations

All our works carry a full warranty package & comply with British Standards

At Bracknell Glass Ltd we are committed to providing the best quality service from the moment you contact us. We provide a free of charge, no obligation consultation. One of our specialists will arrange a convenient time with you to come out to your home, to discuss your project in depth. We will then go away, put together a design and quotation to send through to you for your approval.

Once you have accepted the quotation, our surveyor will come back to your home to perform a site survey, before any works commence and confirm the final design.

We will then begin manufacturing, and the necessary building works will begin on site. Strict quality control procedures are in place at all times. Once the product has been manufactured, our dedicated installation team will install the framework to the highest standard with efficiency.

You project will be run from start to finish by an assigned project manager, who will provide you with excellent customer service and ensure it is an enjoyable experience working with us.

Upon completion the site will always be left clean and tidy, ready for you to start enjoying your new addition!
